TRAFFIC CONTROL TECHNICIAN

Department:	Public Works – Streets/Storm Water	Pay Grade:	J
Bargaining Unit:	Teamsters	FLSA Status:	Non-Exempt
Revised Date:	June 2013	Reports To:	Street/Stormwater Manager

POSITION PURPOSE: Under general direction, performs maintenance on and ensures operation of the signal controlled intersections in the City as well as all City owned street lights and other traffic control devices; fabricates and maintains all City owned signs per Manual on Uniform Traffic Control Devices (MUTCD) codes; assists street and storm crews as needed.

ESSENTIAL FUNCTIONS AND RESPONSIBILITIES:

*The following duties **ARE NOT** intended to serve as a comprehensive list of all duties performed by all employees in this classification, only a representative summary of the primary duties and responsibilities. Incumbent(s) may not be required to perform all duties listed and may be required to perform additional, position-specific duties.*

- Operates and maintains all signalized intersections and resets timing as needed.
- Tests all conflict monitors and emergency pre-emption for proper functioning; with supervisor authorization/approval, adds new equipment as needed.
- Cleans lenses and replaces any equipment as needed with supervisor authorization/approval.
- Works with other jurisdictions for maintenance of common intersections.
- Creates, installs, and updates all signs that are in the City right-of-way, parks and City owned buildings, as well as special signage for the Cultural Art Department.
- Performs routine and emergency work related to the maintenance of traffic signals, street lighting and other traffic control devices.
- Re-lamps and clean signal heads; performs periodic fail-safe inspections on signalized intersections.
- Assists Engineering Division with traffic counts and signal timing issues
- Assists City Electrician with complex repairs to traffic signals.
- Responds to emergency call-outs for traffic control problems; trains other employees in traffic control techniques.
- Cleans, maintains and repairs signs, lighted crosswalks, school zones signs and related traffic devices as needed.
- Keeps accurate records of all maintenance performed; fabricates and maintains traffic and street signs; orders materials and maintains inventory of supplies and signs; inspects and refinishes signs as needed.
- Installs, maintains and repairs traffic control and informational signs and symbols; responds to citizen concerns and requests.
- Assists other City Street and Storm Water staff in the maintenance and repair of city streets, alleys, right-of-ways and sidewalks.
- Prepares and performs patching of potholes, seals cracks and repairs asphalt surfaces.
- Keeps truck stocked with all required supplies needed for sign maintenance
